VERBUM SAT SAPIENTI.

In presenting this our first issue, we ask your kind consideration. As injustice is done nearly *every* Directory, we suggest that "to find a name, you must know how to spell it."

We have done all in our power to make this Directory a success, and feel assured that the public will at once recognize its superiority over all other Directories published of Plainfield, &c., and will continue its publication from time to time, as the demand requires.

We thank the public *all* for their assistance, and to those who never buy, but borrow from their neighbors, and then find fault,

WE ASK FORGIVENESS.

RYNIER VEGHTE,

MANUFACTURER OF

New Jersey Enamel Paint,

ALWAYS READY FOR USE

IN PURE WHITE, AND ANY SHADE, TINT OR COLOR DESIRED.

These Paints are composed of the purest and best materials known to painters; the principal ingredients being PURE WHITE LEAD, ZINC and LINSEED OIL, which are made to unite into a homogeneous mass by the addition of other materials which add greatly to the durability, elasticity, beauty and strength of the Paint. The whole are chemically combined, so that the pigments are held in permanent solution, thus forming a new compound, which dries upon the surface and adheres firmly to it, thus forming a smooth, glossy, firm, elastic, beautiful and durable Paint. The oil, which is the real life of the Paint, cannot leave it and be absorbed by the substances to which it is applied, as it does in paints mixed in the ordinary way, and thus leave the pigment dead and brittle, to wash and rub off in a few months, or, at farthest, in three or four years. This Paint is unaffected by changes of temperature, is perfectly impervious to the action of water, is well adapted to all classes of work, and is, in every way, a better Paint for either INSIDE or OUTSIDE WORK, or BOAT PAINTING, than any other Paint known to the trade, and will last at least *three times as long as the best Lead and Oil mixed in the ordinary way.*

These Paints are Ready for Use.

ARE EASILY APPLIED BY ANY ONE. NO MIXING, STIRRING,
OR ADDITION OF DRYERS.

LIBERAL INDUCEMENTS TO DEALERS,

And full satisfaction guaranteed to all customers. Sold
by the Gallon, Keg or Barrel. Orders
promptly attended to.

THE HOLE IN THE FLOOR

In the primitive days of our grandfathers' time,
When the fire-place, genial and bright,
Its cavernous recesses glowing with flame,
Filled the old-fashioned kitchen with light:
They used often to gather at close of the day
Round the hearth-stone, that altar of yore,
But men of this modern and gloriolus age,
Collect round—a hole in the floor.

The grandfather sat in the chimney nook,
In an old-fashioned split-bottomed chair,
And solemnly read from the blessed old Book,
Then knelt with the household in prayer,
Their altar, the time-honored hearth-stone,
With gleams
Of the fire-light flickering o'er.
We moderns all worship "neath fresco and gas,
Our altar—a hole in the floor.

When from the old hearth-stone the children
Went forth
To join in the soul-thrilling strife,
And win themselves laurels or valiantly brave
The buffetings of life.

Then with world-weary hearts yearning
Sally for rest,
They would seek the old hearth-stone once
But we, when weary with toil and oppressed,
Return to—the hole in the floor.

When the tumult of war o'ershadowed our land
To repel the invaders that threatened their
And our forefathers rushed to the fray, homes
Leaving mothers and daughters to pray—
The thoughts of their hearth-stones gave
Strength to their arms
And thrilled their brave hearts to the core,
But our heroes when called on their homes to
Must fight for—a hole in the floor. (defend.

Then let us rejoice that we live in an age glow
When instead of the hearth-stone's bright
Or the cavernous fire-place cheery with flames,
We have "modern improvements," you know
And when we converse of those primitive times
And the jolly old customs of yore, (ed ways,
We will laugh as we think of the old-fashion
As we sit round—the hole in the floor.
